

Hutchinson I Mayrath

SAFETY INSTRUCTIONS

Please remember that safety is the number one priority. Follow the safety recommendations included in the manual provided with your equipment.

Electric motors and controls shall be installed by a qualified electrician and must meet the standards set by the National Electric Code and all local and state codes.

A main power disconnect switch that can be locked only in the "Off" position shall be used. This shall be locked whenever work is being done to the auger/conveyor.

This Electric Winch (Part No. 1006526) is used on the following Hutchinson I Mayrath Models:

8" & 10" American & CenturyII 57' and Longer

8" x 52' - 72' Portable Grain Pump

13" x 36' - 65' Top Drive

40' - 65' Model 50 Mass-Ter Mover

This winch is intended for use only on the products listed above.

Any use other than what is specified in the above is not recommended by the manufacturer.

NOTE:

The 1006526 Electric Winch Requires a Dedicated 110V 20AMP Circuit.

Also any Power Cord over 25' (7.62 m) MUST be a 10-3 wire.

12-3 is okay for Cords Less than 25'
